The Department of Public Safety is organized into nine separate functional agencies: Office of the Director, Missouri Capitol Police, Division of Fire Safety, Division of Alcohol & Tobacco Control, Missouri State Highway Patrol, Missouri National Guard (Office of the Adjutant General), State Emergency Management Agency, Missouri Veterans Commission and the Missouri Gaming Commission.

Office of the Director provides support and coordination to the other divisions, handles several federal and state grant programs and includes the Office of Homeland Security, the Missouri Office of Victims of Crime, Crime Victims Compensation and Peace Officers Standards and Training (POST).

Missouri Capitol Police is the primary law enforcement agency for the Capitol Complex, as well as other state buildings in Jefferson City, patrolling the buildings and grounds in their jurisdiction on 24 hours a day, seven days a week basis.

Fire Safety provides training and certification to firefighters and emergency response personnel, investigates all suspicious fires in the state and has responsibilities in the areas of fireworks, elevator safety, explosives, amusements rides, day care centers and boilers.

Alcohol & Tobacco Control responsibilities include revenue collection, liquor licensing along with liquor and tobacco enforcement and also provides training to licensees in these areas.

The Highway Patrol is responsible for law enforcement on the state's highways, as well as motor vehicle and commercial vehicle inspections, criminal investigations, criminal laboratory analysis and public education on safety issues. As well as for law enforcement on the state's waterways including criminal investigations are transferred along with promoting boating safety and other duties including boat inspections, administering boating education courses and underwater recovery operations.

The Adjutant General is the administrative head of the 11,000 member Missouri Army and Air National Guard, who perform federal or state duty at the call of the Governor or President as the need arises to include floods, homeland security and overseas duty.

SEMA responds to major disasters including major snow and ice storms, floods, tornadoes, severe weather, earthquakes, hazardous materials incidents, nuclear power plant accidents, radiological or biological hazards and terrorism.

The Veterans Commission is charged with meeting the needs of the Missouri veterans through Veterans Homes that provide long-term nursing care, service officers to provide benefits assistance to veterans and veterans cemeteries placed throughout the state.

The Missouri Gaming Commission regulates riverboat and charitable gaming activities, including fairness of the games and ensuring non-infiltration by criminal elements with assistance from the Highway Patrol in investigative and enforcement duties.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

In Fiscal Year 2014, the General Assembly included and the Governor approved a \$500 annual pay raise for all state employees, except elected officials, members of the general assembly and judges covered under the Missouri Citizens' Commission on Compensation for Elected Officials, beginning January 1, 2014 (12 pay periods). The remaining 12 pay periods were unfunded, but the stated intent was to provide the funding in FY 15.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The appropriation amount for the Fiscal Year 14 pay plan was based on the pay increase beginning in January, 2014 for the final twelve pay periods of the fiscal year. This requested amount is equivalent to the remaining twelve pay periods in order to provide the core funding necessary for a full fiscal year.

5. BREAK DOWN THE REQUEST BY BUDGET OBJECT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

2. CORE DESCRIPTION

The Administration section provides support to the federal and state grant programs as well as the Peace Officer Standards and Training, the Office of Victims of Crime, Crime Victims Compensation and the Office of Homeland Security. This includes purchasing, grant payments to local jurisdictions and non-profit organizations, fixed assets, payroll, etc. In addition, the Director's Office provides coordination with the DPS divisions in areas of budget, legislation, personnel, etc. Staff for the Office of the Director are included in the Administration section, including all programs. The Antiterrorism fund resources come from donations and fees from Anti-terrorism license plates.

3. PROGRAM LISTING (list programs included in this core funding)

Missouri Office of Victims of Crime
 Peace Officer Standards and Training

PROGRAM DESCRIPTION

Department of Public Safety**Missouri Office for Victims of Crimes****Program is found in the following core budget(s): Administration****1. What does this program do?**

In an effort to better inform victims of their rights, reduce the trauma to victims, and train personnel in dealing with victims, the Missouri Office for Victims of Crime will develop multiple levels of coordination. This includes training personnel by means of the Missouri Victim Services Academy and resource referral, in not only dealing with the psychological, physical, and practical issues associated with victimization but also in comprehensive knowledge of victims rights and notification of the victim by the criminal justice system. In an effort to reduce the trauma to the victim, funding will be provided on a competitive basis, to non-profit and governmental agencies through state and federal grant programs for which we are the administrative agency. These grant programs include the following: STOP Violence Against Women (VAWA), Victims of Crime (VOCA), and State Services to Victims Fund (SSVF). As we seek to better inform victims of their rights, county and municipal agencies throughout the state will be trained in the use of the Missouri Victim Automated Notification System (MoVANS); and databases will be used to best inform victims of services available. It is also the purpose of the office to encourage cohesive information, sharing, and training through a variety of programs.

Missouri Office for Victims of Crime (MOVC) provides guidance to non-for-profit agencies, local and state governments on practices and policies that impact crime victims and provides funding, training, and consultation to help communities develop programs to serve crime victims. This activity also includes assisting victims who encounter difficulty accessing services or who believe they have been deprived of their statutory or constitutional rights. Additional activities include notification and assistance to victims whose offenders are scheduled to be released from custody or have an upcoming court hearing, or informing them the service status of their Protection Order.

MOVC staff provides individual and system support for crime victims. Individual victims may receive information, referral and assistance in accessing benefits or services, and support for their constitutional rights. Systems serving crime victims benefit from MOVC representation of their interests at the state level. Those interests include laws, policies, and funding that impact the development or enhancement of victim services at the community level.

PROGRAM DESCRIPTION

Department of Public Safety

Peace Officer Standards and Training Program

Program is found in the following core budget(s): Administration

1. What does this program do?

The Department of Public Safety's Peace Officer Standards and Training (POST) Program is a regulatory agency that is responsible for the licensing of peace officers, reserve peace officers, basic training instructors, basic training curriculum, basic training centers and continuing education providers. The POST Program has an unpaid nine member commission appointed by the Governor that is responsible for determining the basic and continuing education training standards of licensed peace and reserve officers. The POST Program is responsible for investigating complaints against licensed peace officers, instructors, basic training centers and continuing education providers. The POST Program administers the POST Commission training fund which provides a mechanism for paying the costs of continuing law enforcement education training for Missouri's 17,200 plus licensed and commissioned peace officers. The POST Program also approves continuing education courses submitted by unlicensed training providers.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 590 of the Revised Statutes of Missouri

3. Are there federal matching requirements? If yes, please explain.

No

4. Is this a federally mandated program? If yes, please explain.

In 1967, the President's Commission on Law Enforcement and the Administration of Justice recommended that each state establish a Peace Officer Standards and Training (POST) Commission. At that time, seventeen states had already established POST bodies. All states had them by 1981 and all states continue to maintain them.

This decision item is for the continuation of the general revenue funding for multi-jurisdictional task forces that was put in the budget in FY2014. This item was designated as a one-time expenditure requiring the need for a new decision item for 2015.

This new decision item will allow the 26 multi-jurisdictional drug task forces to continue operations. A multi-jurisdictional task force allows law enforcement agencies in different jurisdictions to work together as a single enforcement entity with the ability to improve communication, share intelligence and coordinate activities.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The requested funding will allow the multi-jurisdictional task forces to maintain current funding level.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The purpose of this decision item is to request a Investigator II and have them assist with peace officer investigations and approving submitted basic training lesson plans.

In 1998, there were eighteen active disciplinary investigations, today there are 123, with an additional 49 cases pending at the AG's office. Like our investigations, our workload has steadily increased to the point of being difficult to manage. In addition to the active investigations, there were an additional 243 applicants (basic training for police academies) with criminal histories screened in 2012 and as of September 2013, we have screened an additional 142 applicants with criminal histories.

2. CORE DESCRIPTION

The Juvenile Justice and Delinquency Prevention Act of 1974, as amended, Section 102(b) states, "It is therefore the further declared policy of Congress to provide the necessary resources, leadership, and coordination (1) to develop and implement effective methods of preventing and reducing juvenile delinquency, including methods with a special focus on preserving and strengthening families so that juveniles may be retained in their homes; (2) to develop and conduct effective programs to prevent delinquency, to divert juveniles from the traditional juvenile justice system and to provide critically needed alternatives to institutionalization; (3) to improve the quality of juvenile justice in the United States; (4) to increase the capacity of state and local governments and public and private agencies to conduct effective juvenile justice and delinquency prevention and rehabilitation programs and to provide research, evaluation, and training services in the field of juvenile delinquency prevention; (5) to encourage parental involvement in treatment and alternative disposition programs; (6) to provide for coordination of services between state, local, and community-based agencies and to promote interagency cooperation in providing such services."

2. CORE DESCRIPTION

In 1997 Congress, through PL 105-119 and Title III of House Resolution 3, provided funds for States and units of local government to improve their juvenile justice systems. The goal of this legislative action is to promote juvenile offender accountability as well as to provide direction and support to reduce repeat offenses.

Administrative funds (up to 5%) is used by the Missouri Department of Public Safety for administrative costs. At least 75% of the remainder of funds will be passed through to local government units, or expended by the State on services of benefit to those local governments. In addition, 25% of Missouri's total allocation is available through a competitive grant process to units of local government, state agencies, or nonprofit agencies for the provision of serving juveniles throughout the entire State of Missouri.

2. CORE DESCRIPTION

BYRNE/JAG-The purpose of this grant is to reduce and prevent illegal drug activity, crime, and violence and to improve the functioning of the criminal justice system. The majority of this funding goes to multi-jurisdictional drug task forces.

LLEBG-To provide funds to units of local government for the purposes of reducing crime and improving public safety. Funds may be used for one or more of seven program purpose areas. Larger agencies receive direct awards, this funds smaller agencies for items such as portable radios, vehicle radios, bulletproof vests, used patrol vehicles, light bars, etc.

These two programs were once separate grants but have been rolled up into one grant called "Justice Assistance Grants"(JAG). The John R. Justice grant was first available FY2011 and funds the repayment of student loans for lawyers in the prosecution and public defenders, who must commit to staying in their current field for an additional three years.

2. CORE DESCRIPTION

The Deputy Sheriff Salary Supplementation Fund was created through the passage HB 2224 in the 2008 session(Section 57.278 RSMo). It provided that the sheriff shall receive an additional \$10 fee for service of any civil summons, writ, subpoena or other court order. The money received by the sheriff shall be collected by the county treasurer and made payable to the state treasurer. The money paid to the state treasurer shall be deposited into the "Deputy Sheriff Salary Supplementation Fund".

The Missouri Sheriff Methamphetamine Relief Taskforce (MoSMART) shall administer the fund. MoSMART is responsible for administering the Deputy Sheriff Salary Supplementation Fund that is used to supplement the salaries of county deputy sheriffs. In addition, MoSMART is responsible for approving applications for the fund.

The money in the fund shall be used solely to supplement the salaries, and employee benefits resulting from such salary increases, of county deputy sheriffs.

3. PROGRAM LISTING (list programs included in this core funding)

The DSSSF program is administered by the Missouri Sheriff Methamphetamine Relief Taskforce (MoSMART) created under Section 650.350 RSMo. Technical assistance through administrative duties is provided to the MoSMART Board by the Missouri Department of Public Safety, Office of the Director.

PROGRAM DESCRIPTION

Department of Public Safety

Program Name - State Cyber Crime Grants

Program is found in the following core budget(s): Interney Sex Crimes TSF Grants

1. What does this program do?

This program was created to distribute grants to multijurisdictional Internet cyber crime law enforcement task forces and other law enforcement agencies. The grants shall be awarded and used to pay the salaries of detectives and computer forensic personnel whose focus is investigating Internet sex crimes against children, including but not limited to enticement of a child, possession or promotion of child pornography, and to provide funding for the training of law enforcement personnel. The funding for such training may be used to cover the travel expenses of those persons participating. These grants will also pay for related expenditures starting in FY2009.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

HB 8

3. Are there federal matching requirements? If yes, please explain.

No

4. Is this a federally mandated program? If yes, please explain.

No

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

6. What are the sources of the "Other " funds?

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

This decision item is for the continuation of the general revenue funding for state cyber crime grants that was put in the budget in FY2014. This item was designated as a one-time expenditure requiring the need for a new decision item for 2015.

The funds will be awarded to reduce Internet crime against children and improve public safety through investigations, forensics, and prevention. The funds will be used to continue funding for multi-jurisdictional cyber crime task forces, which were previously funded through state appropriated ICCG monies and federal appropriated ARRA monies.

2. CORE DESCRIPTION

The state's original victim assistance program was established under the auspices of the Department of Public Safety by the General Assembly with the adoption of 595.050, RSMo in 1981. With the passage of 595.100, RSMo (1988), the Services to Victims Fund was established. The Services to Victims Fund consists of money collected pursuant to section 595.045. Upon appropriation, this money shall be used solely for the administration of contracts for services to victims of crime pursuant to sections 595.050, 595.055, and 595.105. Funds are awarded to state and local units of government and private nonprofit agencies to provide direct services to victims of crime. Eligible direct services include, but are not limited to, crisis intervention, emergency shelter and other emergency services, support and advocacy services, court-related services, training and technical assistance programs, and others. This funding is highly utilized by domestic violence shelters, rape crisis centers, child abuse treatment facilities, law enforcement and prosecutors to provide high quality services that directly improve the health and well being of victims of crime.

2. CORE DESCRIPTION

Since 1986, the State of Missouri has been receiving funding from the U.S. Department of Justice through the Victims of Crime Act (VOCA) of 1984. These moneys are awarded annually to crime victim service agencies and state and local units of government throughout the state to provide high quality services that are directly related to the emotional healing and recovery of crime victims.

Similar to the State Services to Victims Fund, VOCA is supported through fines and forfeitures collected by the federal courts, not through tax dollars. The VOCA guidelines require that a minimum of 10% of the total funds be distributed for services to each of the following four types of crime victims: domestic violence, sexual assault, child abuse and underserved. Victim assistance programs serving other types of crime victims are also eligible for funding.

The assistance provided through VOCA grants includes but is not limited to the following comprehensive services: 24-hour crisis hotline, individual and group counseling, emergency shelter, crisis intervention, court advocacy, emergency transportation, and more.

Victims of Crime Act (Federal)

Program is found in the following core budget(s): Victims of Crime Act (Federal)

1. What does this program do?

Funds are awarded to state and local units of government and private nonprofit agencies to provide direct services to victims of crime. Eligible direct services include, but are not limited to, crisis intervention, emergency shelter and other emergency services, support and advocacy services, court-related services, and others. This grant program requires a 20% local match which may be either hard cash or in-kind. This funding is highly utilized by domestic violence shelters, rape crisis centers, child abuse treatment facilities, law enforcement and prosecutors to provide high quality services that directly improve the health and well being of victims of crime.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Victims of Crime Act 1984, as amended, 42 U.S.C. 10601 et seq. CFDA - 16.575

3. Are there federal matching requirements? If yes, please explain.

Yes. Twenty percent (20%) cash or in-kind match is required on the total project cost for each recipient. Administrative funds are exempt from match.

4. Is this a federally mandated program? If yes, please explain.

NO

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

6. What are the sources of the "Other" funds?

2. CORE DESCRIPTION

Since 1995, the state of Missouri has been receiving funding through the S.T.O.P. Violence Against Women Grant Program as authorized by the Omnibus Crime Control and Safe Streets Act of 1968, as amended by Title IV, Section 40121 of the Violent Crime Control and Law Enforcement Act of 1994, Public Law 103-322, reauthorized by the Violence Against Women Act of 2000. Since its inception, Missouri has provided approximately \$13 million in funding to programs throughout the state aimed at addressing violent crimes committed against women.

At least 25% of the total grant funds available must be allocated to both law enforcement and prosecution, 30% to victim services agencies and 5% to court initiatives. In distributing funds, Missouri must give priority to areas of varying geographic size with the greatest showing of need, take into consideration the geographic population of the area to be served, equitably distribute monies geographically including non-urban and rural areas, and ensure that the needs of previously underserved populations are identified and addressed.

PROGRAM DESCRIPTION

Department of Public Safety

Violence Against Women (Federal)

Program is found in the following core budget(s): Violence Against Women (Federal)

1. What does this program do?

Funds are awarded to units of state and local government and nonprofit, nongovernmental victim services programs for the purpose of developing and strengthening effective law enforcement and prosecution strategies to alleviate violent crimes committed against women, and to develop and strengthen victim services in cases involving violent crime against women. Law enforcement agencies are utilizing these funds to set up special investigative units for domestic violence and sexual assault cases. Prosecutors are hiring special prosecutors and victim advocates thereby improving the successful prosecution of domestic violence and sexual assault cases. Victim services agencies are providing more court advocacy services, assistance with ex-parte and full orders of protection, and basic victim services to women victimized by violent crime.

Each Federal Award must be divided as follows: 25% to Law Enforcement; 25% to Prosecution; 30% to Victim Services; 5% to Courts and the remaining 15% is funded at the discretion of the administering agency.

Omnibus Crime Control and Safe Streets Act of 1968, as amended by Title IV, Section 40121 of the Violent Crime Control and Law Enforcement Act of 1994, Public Law 103-322, reauthorized by the Violence Against Women Act of 2005.

3. Are there federal matching requirements? If yes, please explain.

Yes. A twenty-five percent (25%) cash or in-kind match is required on the total project cost.

4. Is this a federally mandated program? If yes, please explain.

2. Increase the number of arrests, prosecutions and convictions of crimes against women by providing funding for specialized investigators and prosecutors.

*Prior to 2004, STOP funded Law Enforcement Agencies were required to report on the # of cases reviewed and charged by their local Prosecutor along with the number of convictions. New Federal reporting requirements which went into effect January 2004 eliminated this reporting requirement; therefore, the # of cases reviewed by STOP Prosecutors is less due to fewer agencies reporting this information. The category "# of cases referred to Prosecutors" and "# arrests of primary aggressor" were new reporting fields included in the new Federal Report which took effect January 1, 2004. The new report has required agencies to track data differently which has resulted in more accurate, but lower reported numbers.

2. CORE DESCRIPTION

The Crime Victims Compensation Program provides financial assistance to victims who have suffered physical harm as a result of violent crime. In the case of death, the Program helps the victim's dependents. The Crimes Victims Compensation Program is designed to assist victims of violent crimes through a period of financial hardship as a payor of last resort. If a victim has exhausted other sources of compensation, such as health insurance, and has no other source of reimbursement, the Program can help pay for medical costs, wage loss, psychological counseling, funeral expenses and support for dependent survivors to a maximum limit of \$25,000.

Funding for the program is through court costs assessed in criminal prosecutions. Additional funds are received through a grant from the United States Department of Justice, including Federal Stimulus funds for one year.

Beginning July 1, 2008 for victims of sexual assault or abuse on incidents that occurred in Missouri, appropriate medical providers are required to bill the Sexual Assault Forensic Examination (SAFE) Program within the Department of Public Safety, Crime Victims' Compensation Program for the charges incurred in collecting evidence during the forensic examination. The victim is not to be billed for any sexual assault forensic examination charges.

PROGRAM DESCRIPTION

Department of Public Safety

Program Name: Crime Victims' Compensation/Sexual Assault Forensic Examination Programs

Program is found in the following core budget(s): Crime Victims Administration

1. What does this program do?

The Crime Victims' Compensation (CVC) Program financially assists victims of violent crime in paying for reasonable medical expenses, counseling expenses, funeral expenses, lost wages and loss of support. In the case of death, the Program can help the victim's dependents with loss of support if the victim was gainfully employed at the time of the crime. As a payor of last resort, the Program considers out-of-pocket expenses only after all collateral sources have been exhausted. A maximum benefit of \$25,000 may be awarded on eligible claims.

The Sexual Assault Forensic Examination (SAFE) Program provides payment to cover the cost of gathering evidence during the forensic examination for victims of sexual crimes in Missouri. The medical provider is required to bill the SAFE Program for reasonable charges incurred during the forensic examination. Charges for medical treatment of any injuries are not eligible and may be billed to the patient. The patient may not be billed for any forensic examination charges. SAFE kits are distributed by the Missouri State Highway Patrol to all hospitals to be used for adult exams.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Both Programs are mandated under RSMo 595.

3. Are there federal matching requirements? If yes, please explain.

For the SAFE Program there is a 50/50 split which one half coming from general revenue and the other Federal Compensation Funds. None with the Compensation Program.

4. Is this a federally mandated program? If yes, please explain.

No

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

2. CORE DESCRIPTION

The Peace Officer Standards and Training Fund (POST Fund) disburses funds to law enforcement agencies to pay for the costs of Continuing law Enforcement Education training for law enforcement officers or technical or professional training for non-commissioned personnel employed by a law enforcement agency. To be eligible for this disbursement, courts shall assess a surcharge of \$1 in each criminal case pursuant to section 488.5336, RSMo. Monthly, the county or municipality will forward the collected surcharges to DPS. Distribution of these funds is made annually with agencies contributing less than \$500 receiving \$500, and agencies contributing in excess of \$500 receiving at least 90% of their contribution plus a portion of the difference between the total contribution less the total amount of agencies receiving \$500. The entire formula for funding is located in 11 CSR 75-16.010.

The core request of \$1,400,000 will continue to allow the department to assist law enforcement agencies with their continuing education costs.

2. CORE DESCRIPTION

Missouri Revised Statute 8.177 authorizes and mandates the Missouri Capitol Police.

The Missouri Capitol Police Department is responsible for the protection of the Missouri State Capitol, and other state buildings, at all times. The Director of the Department of Public Safety shall appoint a sufficient number of Missouri Capitol Police Officers, so that the Capitol grounds may be patrolled at all times, and that traffic and parking upon the Capitol grounds, and the grounds of other state buildings owned or leased within the capitol city and the county which contains the seat of government, may be controlled. The Capitol Police utilize foot, bicycle, and vehicle patrols, along with an array of technology, to carry out our mission. Capitol Police is a full-service law enforcement agency that provides law enforcement and protective services, including criminal investigations, arrests, an explosives detection K-9 team, and an executive protection detail at the Governor's Mansion. All officers are commissioned and licensed under the Missouri Police Officers Standards and Training program.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Capitol Police Officers are authorized under 8.177. Equipment and Expenditures funds are needed for the operational effectiveness of our department. We are requesting an increase in funding to purchase Active Shooter training equipment, provide instructor training, and supply our department with ammunition to conduct firearms training. We are asking for an \$18,889.00 increase to fund the above items. The purchase of Simunitions training equipment will provide realistic, hands-on training for officers during Active Shooter training. The purchase Simunitions and its related equipment will expand our current firearms training program. Capitol Police is seeking National Law Enforcement Accreditation. To aid in attaining accreditation, it is recommend that at least one person from the participating agency should attend one of the three Law Enforcement Accreditation training session held throughout the nation every year. Training provided by the organization provides our department's Accreditation Manager with valuable information on how to obtain and maintain Accreditation status.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Ballistic shield Instructor training \$1530.00 Capitol Police is requesting to send two (2) officers to train in becoming Ballistic shield instructors. They will instruct our officers in the proper use of the ballistic shield during Active Shooter situations and during other high risk incidents. After our officers are trained, we will not need additional funds after FY15 to cover the cost of this type of training. This is viewed as a one-time expense.

National Accreditation Training \$1,521 Capitol Police is in the process of obtaining National Accreditation . To aid in attaining accreditation, it is recommended that at least one person from the participating agency should attend one of the three National Law Enforcement Accreditation training session held throughout the nation every year. Training provided by the organization provides the Capitol Police Accreditation Manager with valuable information on how to obtain and maintain Accreditation status. To maintain accreditation status, Capitol Police views this is an on-going expense beyond FY15.

Firearms Training (Ammunition)/Simuniton Rounds (Ammunition) \$4,843 Capitol Police is requesting to purchase enough practice ammunition to complete our yearly firearms training. We provide firearms training to our officers three (3) times a year. These training sessions cover Spring Qualification, Rifle and Shotgun Qualification, and fall (Low light) Qualification. Currently there is a 6-8 month waiting period for all ammunition purchases due to a nation-wide shortage. We are seeking to keep enough ammunition on hand to complete firearms training during the 6-8 month waiting period. We are also requesting the purchase 3000 rounds of Simunitons ammunition for Active Shooter training. Our ammunition purchase will be an ongoing expense beyond FY15.

Simunitons Training Instructor Course \$1701.00 Capitol Police is requesting to send two (2) officers to Simunitons Instructor School. This training will provide our officers with in-depth, hands on instruction in scenario-based training to help instruct our officers in the use of Simunitons during Active Shooter training. This will be a one-time expense.

Simunitons Training Equipment \$9,294 Capitol Police is requesting to purchase protective equipment along with eight (8) Simunitons training pistols. The requested items are a training system designed to provide realistic, hands-on training for officers while providing protection for the officer . Studies have shown the more realistic a training scenario is the more prepared officers are to deal with an actual situation. This will be a one-time expense.

6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)

6a. Provide an effectiveness measure.

The purchase of Active Shooter training equipment will aid in planning effective response. Such planning and preparedness training can effectively reduce the impact of intruders in state buildings.

6b. Provide an efficiency measure.

Active shooter training creates an efficient response to potential threats in state buildings. It has become an essential element in Law Enforcement training and a necessary component of the Capitol Police mission.

6c. Provide the number of clients/individuals served, if applicable.

PROGRAM DESCRIPTION

Department of Public Safety

Program Name - Highway Patrol Administration

Program is found in the following core budget(s):

1. What does this program do?

Administration is made up of the following divisions and tasks:

- 1) Research and Development manages policy updates and revisions, accreditation processes, statewide property control systems, and internal inspection programs.
- 2) Human Resources oversees employment procedures by coordinating the uniformed members, radio, and civilian selection and promotional processes along with drug testing, respiratory protection, and exposure control plans.
- 3) Professional Standards conducts and reviews approximately 150 internal investigations and acts as a liaison between the department and the Attorney General's office in matters involving internal investigations.
- 4) Public Information and Education issues news releases and news alerts, develops public safety literature, and manages the Patrol's web site.
- 5) The Fleet and Facilities Division is responsible for procurement, assignment, maintenance, repair, and disposal of all 1,400+ Patrol vehicles and 128+ vessels in addition to building and grounds maintenance and housekeeping at the General Headquarter's Waggoner Building along with other facilities in the Jefferson City area.
- 6) The Budget and Procurement Division (BPD) maintains accounting records as required by policies and procedures of the Missouri Office of Administration, Division of Accounting. It maintains the inventory of non-expendable property and performs annual audits of troops and divisions to ensure accountability for property. BPD reviews all invoices and expense accounts that have been approved for payment. It prepares payroll (including overtime), processes payroll changes, and provides salary verifications. BPD formulates the annual budget from requests submitted by General Headquarters staff, troop commanders, and division directors. It also distributes supplies and equipment to components as approved.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

The Activity Reporting System was established to capture demographic information from each vehicle stopped by a member of the Patrol. This data is collected in response to 590.650 RSMo., the Missouri Racial Profile law.

RSMo., Chapter 43 permits the Superintendent of the Missouri State Highway Patrol to employ members and other subordinates subject to available appropriations. Chapter 43, RSMo., requires the Missouri State Highway Patrol (MSHP) to provide law enforcement to the citizens of Missouri including, but not limited to, enforcement of traffic laws, enforcement of commercial motor vehicle laws, performing criminal investigations and providing general assistance to the citizens of Missouri. These tasks and the many other services provided by the Patrol would be impossible without a dependable fleet of vehicles. Chapter 43 also provides a mechanism for sale of retired MSHP vehicles, primarily to other governmental entities.

3. Are there federal matching requirements? If yes, please explain.

No

4. Is this a federally mandated program? If yes, please explain.

No

PROGRAM DESCRIPTION

Department of Public Safety

Program Name - Highway Patrol Commercial Vehicle Enforcement Division

Program is found in the following core budget(s):

1. What does this program do?

The CVE Division is tasked with enforcing state statutes, Federal Hazardous Materials Regulations, and the Federal Motor Carrier Safety Regulations pertaining to the safe operation of commercial motor vehicles (CMVs). This program ensures the safe operation of CMVs operating in interstate or intrastate commerce in Missouri. This program is accomplished by the use of 23 fixed weigh stations and 24 portable scale trucks and vans. There are 133 Commercial Vehicle Officers/Commercial Vehicle Inspectors and 33 Commercial Vehicle Enforcement Trooper positions assigned to troop and field activities. The CVE Division utilizes 25 troopers that perform commercial vehicle inspections on a part-time basis throughout the state. These officers check commercial vehicles for compliance with size and weight limit regulations, equipment regulations, status of driver qualifications, vehicle registrations, fuel tax credentials, hazardous materials regulations, and operating authority. The CVE Division also participates in the Motor Carrier Safety Assistance Program (MCSAP). This program provides monies to states for the development and implementation of programs to enforce rules and regulations applicable to commercial motor vehicle safety. MCSAP funding has made it possible for the division to purchase equipment to perform safety inspections as well as improve the timely entry of and the quality of data from inspections and accidents uploaded into the Safetynet system required by the MCSAP program.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Title 23, Code of Federal Regulations, Part 657 mandates enforcement of size and weight regulations. Title 49, CFR, Part 350, describes requirements for states to adopt and enforce federal rules, regulations, standards and orders applicable to commercial vehicle safety.

3. Are there federal matching requirements? If yes, please explain.

Yes, 20% soft match. The CVE Division uses commercial vehicle inspections as their match.

4. Is this a federally mandated program? If yes, please explain.

Yes, the amount of Federal Highway Funds Missouri receives is tied directly to the enforcement of the weight regulations and statutes as set by the Federal Government. MCSAP was authorized and mandated by the Surface Transportation Assistance Act of 1982.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Program Name - Highway Patrol Aircraft Division

Program is found in the following core budget(s):

1. What does this program do?

The Aircraft Division provides assistance in traffic and criminal law enforcement with the use of aircraft, including detecting traffic law violations, controlling traffic at special events, conducting manhunts and searches for lost or missing persons or for evidence of criminal activities, performing duty at major disasters as an observation platform, and providing rescue assistance. It manages all aspects of Patrol aircraft usage and also provides transportation for Patrol personnel and those of other agencies when necessary and advantageous. The Aircraft Division manages all aspects of Patrol aircraft maintenance to ensure a safe and reliable fleet of aircraft suitable for responses to scheduled and unscheduled events and incidents. The Aircraft Division assists with the selection of qualified pilots and maintaining the training of pilots to be mission capable of the task required of providing cooperative aerial law enforcement support to city, county, state, and federal agencies.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

The Aircraft Division is an enforcement division tasked to assist with the implementation of the requirements of RSMo. 43.025, to enforce the traffic laws and promote highway safety.

3. Are there federal matching requirements? If yes, please explain.

The Aircraft Division has no federal matching requirements.

4. Is this a federally mandated program? If yes, please explain.

The Aircraft Division is not a federally mandated program.

PROGRAM DESCRIPTION

Department of Public Safety**Program Name - Highway Patrol Field Operations Bureau****Program is found in the following core budget(s):****1. What does this program do?**

The Field Operations Bureau (FOB) is responsible for coordinating, planning, and analyzing the traffic and patrol functions of the nine geographic troops. The troops provide the full spectrum of police services throughout the state. In all areas of the state not within municipal boundaries, the Patrol provides the primary enforcement of all traffic and marine enforcement laws, and is responsible for the investigation of traffic accidents on all roads and waterways. Members of the Patrol are routinely called upon to assist municipal police agencies and sheriff's departments all across the state. Additionally, the FOB provides administrative oversight and assistance with emergency/disaster response statewide. The FOB also coordinates the following functions: Aircraft Division, 4 Major Crash Investigation Units, 4 Special Weapons and Tactic Teams, one 12-man Underwater Recovery Team, Selective Traffic Enforcement Programs, Combined Accident Reduction Effort, Driving While Impaired Victim Advocacy, Criminal Interdiction and gubernatorial inauguration details.

The Patrol currently has 11 canine units stationed throughout the state. The canine units serve as a support function for general law enforcement activities. The purpose of the canine units are to assist law enforcement personnel in the detection of controlled substances and related items, locating lost or missing persons, enhancing officer safety, and apprehending criminal suspects.

The Patrol currently has four 20-member Special Weapons and Tactic Teams stationed at Troop A-Lee's Summit, Troop C-St. Louis, Troop D-Springfield, and Troop F-Jefferson City. The teams are trained and equipped to respond to a variety of critical incidents ranging from hostage situations to high-risk warrant service. The teams are regularly requested by sheriff's departments and police agencies, which lack the personnel and resources to maintain their own unit.

The Patrol currently has officers assigned to four Major Crash Investigation Units (MCIU), located strategically throughout the state. The primary mission of the MCIU is to investigate and provide detailed reporting of serious crashes involving multiple fatalities, commercial motor vehicles and crashes resulting in felony criminal charges. The crash teams also assist other law enforcement agencies with serious traffic crash investigations and critical crime scene mapping. The teams utilize Total Station technology, which allows for the accurate and fair depiction of a crash or critical crime scene diagrammed to scale. Each officer is trained in the human, mechanical and environmental factors of traffic crash investigation. They are considered court experts in the field of traffic crash investigation.

The Driving While Impaired Victim Advocacy program provides support, information and resources, primarily to victims of alcohol/drug related traffic crashes. Victims of these crashes have been identified as underserved population. Through the services and referrals provided by this program, victims have a one-stop source for access to direct service providers. The significance of our role in responding to victims cannot be overemphasized. Our officers interact more often with victims than other professionals in the criminal justice system.

The Patrol Dive Team has an authorized strength of twelve divers. The divers are located throughout the state and respond at the direction of the Field Operations Bureau in support of law enforcement activities. The team conducts dive operations to recover drowning or boating crash victims, or to recover criminal evidence felony cases. Dive team members are trained to a minimum, Master Diver certification.

Program is found in the following core budget(s):

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

In 1931, the Missouri State Highway Patrol was created by the enacting of Missouri Revised Statute Chapter 43 by the General Assembly. Section 43.020 allowed for the creation of a force consisting of a superintendent, sergeants, corporals, patrolmen, and radio personnel. Members of the Patrol were vested with law enforcement powers which would supplement and not limit the duties of sheriffs, police officers, other peace officers of this state. The primary purpose of the Highway Patrol is to enforce the traffic laws and promote safety upon the highways. As near as practicable, all personnel of the Patrol are used for carrying out these purposes.

Department of Public Safety**Program Name - Highway Patrol Gaming Division****Program is found in the following core budget(s):****1. What does this program do?**

The Gaming Division regulates the gaming industry by enforcing statutes, regulations, and internal controls. The division provides in-depth background investigations to determine suitability for gaming licenses for charitable gaming and for the casino gaming industry. The division also ensures public safety by providing police services at gaming facilities. Police services include the investigation of patron complaints, enforcement of state laws and regulations, and making arrests. Criminal investigations by the Gaming Division have resulted in arrests for offenses such as identity theft, counterfeiting, fraud, cheating at gambling games, and stealing by both patrons and casino employees.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 313.824 RSMo. directs the Missouri Gaming Commission to provide such staff as necessary to protect the public on any gambling excursion boat. Section 313.004 (9) RSMo. permits the Missouri Gaming Commission to enter into agreements with other agencies to carry out the duties of the Commission.

Program Name - Highway Patrol Governor's Security Division

Program is found in the following core budget(s):

1. What does this program do?

The Governor's Security Division is responsible for providing transportation, security, and protection for the Governor and the Governor's immediate family. The division coordinates and provides protection for visiting Governors and other dignitaries. The division also provides protection for the Lieutenant Governor, at his or her request, when the Lieutenant Governor is acting as Governor.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

In 1973, Governor Kit Bond issued an order creating the Executive Security Unit which later became the Governor's Security Division. In 2005, Governor Matt Blunt signed the law passed by the 93rd General Assembly, officially creating the Governor's Security Division. Chapter 43 RSMo., directs the Patrol to provide transportation, security and protection for the Governor and immediate family. Department of Public Safety**Program Name - Highway Patrol Division of Drug and Crime Control****Program is found in the following core budget(s):****1. What does this program do?**

The Division of Drug and Crime Control initiates and assists other agencies with investigations of any suspected crime or criminal activity within the state of Missouri. Investigations are conducted at the request of the Attorney General, chief of police, prosecuting attorney, sheriff, or the Superintendent of the Missouri State Highway Patrol. The types of investigations conducted by the division include homicides, drug related activity, assaults, sex offenses, explosive devices, missing persons, and identity theft. The Explosives Disposal Unit is equipped to respond statewide to incidents and investigations involving commercial explosive products, improvised explosive devices (bombs), and weapons of mass destruction involving chemical, biological, nuclear or any other explosive threat. The unit also provides training to all law enforcement, fire departments and state agencies on weapons of mass destruction, bomb threat analysis and explosive recognition. The division provides training and educational presentations for law enforcement officers and the public in a variety of areas where it has special expertise and knowledge. These areas range from investigative techniques for officers to protection against copper theft.

Additionally, 81% of the respondents stated that detecting and deterring the flow of illegal drugs was also a major concern.

PROGRAM DESCRIPTION

Department of Public Safety**Program Name - Highway Patrol Missouri Information Analysis Center****Program is found in the following core budget(s):****1. What does this program do?**

The Missouri Information Analysis Center (MIAC) serves as the main hub for the exchange of intelligence information for all investigative and narcotic units within the Patrol's Division of Drug and Crime Control and 9 troop headquarters, as well as city, county, state and federal law enforcement and administrative agencies. The division is the state of Missouri's 24/7 information center, which serves as the designated point of contact for access to information from local, state and federal agencies across the United States, as well as INTERPOL, an international information and investigation network. MIAC also serves as the public's collection point for information/tips/complaints received from citizens of the state in reference to criminal investigations, public health emergencies, homeland security issues, and natural disasters. In addition, the division is also the state of Missouri liaison between state public health agencies, federal disaster recovery entities, state disaster recovery agencies and other administrative agencies within state government.

The division provides the administration, support, and oversight for the Missouri Statewide Police Intelligence Network System (MoSPIN) that provides law enforcement officers the ability to enter and query intelligence information on subjects and events in a shared law enforcement secured database. This database is available to all law enforcement agencies in the state of Missouri, 24 hours a day, 7 days a week, through a secure web-based connection. The division provides the main analytical support to law enforcement on Homeland Security matters as well as other events or criminal activity such as homicides, robberies, burglaries, narcotics trafficking and the numerous reports of theft within the state of Missouri. MIAC in support of the state of Missouri is the first line contact and provider of background investigations for individuals being considered for public appointments to government commissions, boards, and judicial positions. The division also is in support of the Missouri Department of Corrections and the United States Marshal's Service in assisting with absconder/fugitive apprehension.

The division provides training and educational presentations for law enforcement officers and the public in a variety of areas where it has special expertise and knowledge. These areas range from analytical services provided by the division as well as the functioning of the Missouri Statewide Police Intelligence Network System and the integration of the services provided by other state agencies. This training would also include investigative techniques for officers in the investigation and protection against thefts of major interest to Missourians such as heavy equipment, industrial metal thefts, and agricultural thefts.

PROGRAM DESCRIPTION

Department of Public Safety

Program Name - Highway Patrol Traffic Division

Program is found in the following core budget(s):

1. What does this program do?

The Traffic Records Division collects, processes, and disseminates data, statistics, and reports pertaining to Missouri's motor vehicle traffic crash and alcohol and drug-related traffic offense experiences, as well as boating accidents investigated and arrests completed by the Missouri State Highway Patrol. The program is also responsible for providing training to statewide law enforcement, prosecutor, and court personnel on the requirements for reporting information to the Patrol relating to these topics. The program analyzes fatal traffic accidents to provide data to the National Highway Traffic Safety Administration's central computer file and maintains a liaison with Missouri county coroners and medical examiners in gathering information on alcohol/drug involvement in fatal crashes. The program also conducts performance reviews on the Highway Patrol's Uniform Citation Audit System in each of the Patrol's nine troops and assigns unique, sequential numbers to statewide law enforcement agencies for inclusion on Uniform Citations. Finally, the Traffic Records Division processes requests for copies of motor vehicle crash and boating accident reports/data and collects and deposits state revenues associated with the dissemination of these documents. Federal grants that currently help support the Traffic Records Division include the Statewide Traffic Accident Records System (STARS) Information Maintenance Grant, Fatality Analysis Reporting System (FARS) Cooperative Agreement, Motor Carrier Safety Assistance Program (MCSAP) Commercial Vehicle Enforcement Traffic Records Improvement Project, DWI Tracking System (DWITS) Grant, the 405(c) Traffic Record Systems Improvement Grant and the U.S. Coast Guard Grant.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 43.250, RSMo, requires every law enforcement officer who investigates a vehicle accident resulting in an injury to or death of a person or total property damage of five hundred dollars or more to one person to forward a copy of their vehicle accident investigative report to the Missouri State Highway Patrol (Traffic Records Division) within ten days from the date of the accident. Section 302.225, RSMo, requires every court having jurisdiction over offenses committed under sections 302.010 to 302.780, RSMo, or any other state law, county, or municipal ordinance regulating the operation of vehicles on highways to forward a record of any plea or finding of guilty of any person violating the aforementioned laws or ordinances. Section 302.225, RSMo, further requires the Highway Patrol to enter records relating to offenses involving alcohol, controlled substances, or drugs into the Missouri Uniform Law Enforcement System (MULES). Section 577.051, RSMo, requires courts to forward a record of the disposition of a court proceeding involving a violation of section 577.005 to 577.023, RSMo, or county or municipal ordinances involving alcohol or drug-related driving offenses for inclusion into MULES. Section 306.170, RSMo, requires any information compiled or otherwise available to the Missouri State Highway Patrol's Water Patrol Division pursuant to subsection 2 of section 306.140 (watercraft collision, accident, or other casualty to be filed with the Water Patrol Division) shall be transmitted to said official or agency of the United States.

3. Are there federal matching requirements? If yes, please explain.

Yes. The MCSAP Project Grant requires a 20% soft match. The match is currently covered by an established calculated cost for each commercial motor vehicle inspection completed by Highway Patrol enforcement personnel.

4. Is this a federally mandated program? If yes, please explain.

(Statewide Traffic Accident Records System)Number of Fatal Accident Reports Processed by FARS
(Fatality Analysis Reporting System)

These reports are analyzed to improve road conditions and safety. As conditions improve, the number of accidents is decreasing.

PROGRAM DESCRIPTION

Department of Public Safety

Program Name - Highway Patrol Traffic Division

Program is found in the following core budget(s):

7a. Provide an effectiveness measure (Cont'd).

These reports are analyzed to improve road conditions and safety. As conditions improve, the number of accidents is decreasing.

7b. Provide an efficiency measure.

As this chart indicates, electronic submission is more efficient. The Patrol is working toward receiving more electronic submissions from agencies.

PROGRAM DESCRIPTION

Department of Public Safety

Program Name - Highway Patrol Traffic Division

Program is found in the following core budget(s):

7b. Provide an efficiency measure (Cont'd).

Fees for Accident Reports

Fees are based on state statute which allows recovery of expenses for research and copying of public records.

7c. Provide the number of clients/individuals served, if applicable.

Clients include, but are not limited to the U.S. Department of Transportation, Missouri law enforcement agencies, attorneys, insurance agencies, legislators, Missouri Department of Transportation, private corporations, citizens involved in motor vehicle accidents, and traffic safety advocates (i.e. MADD, National Safety Council, etc.).

7d. Provide a customer satisfaction measure, if available.

Flight training is required to maintain the skills of our pilots, ensuring safe flights for them and their passengers. Two members of the Aircraft Division will receive initial helicopter training and the rest of the division will receive mandatory recurrent training.

To increase fleet efficiency and decrease operational costs resulting from outsourcing, specifically related to helicopter maintenance, the Patrol added a second aircraft mechanic to the Aircraft Division. To ensure this mechanic receives adequate training to perform helicopter maintenance, funding is requested for him to attend Bell 206 and Bell 407 Maintenance School.

Disposal of clandestine drug laboratories requires officers to enter and work in environments where air quality is immediately dangerous to life and health. A SCBA is required in any potentially hazardous environment until a determination can be made that the environment is not oxygen deficient. (29 CFR 1910.134)

The SCBA's previously used by Patrol officers were recalled and removed from service because they reached the end of their service life. Replacement of this equipment is necessary due to the health hazards associated with inhalation of toxic chemicals while processing and disposing of clandestine drug laboratories.

The price quote associated with this request is for a Scott Safety Industrial SCBA. This particular model was selected because it is designed for this type of service and utilizes the Scott AV2000 face mask, which is already issued to members as a component of their air purifying respirator (APR). The ability to utilize the AV2000 face mask is significant as annual fit testing is already being performed with that mask when configured with the APR. This not only enhances officer safety, but negates the need for additional fit testing. Total Cost: SCBA Units \$2,450 X 8= \$19,600 (0101/1139 - one time)

Since its development in 1997, there has been no increase to the Major Crash Investigation Unit (MCIU) core budget of \$18,000. During that time, the MCIU has seen a 131% increase in the number of crashes investigated and a 290% increase in calls for service, which include requests for assistance from other agencies. This necessitated a correlating increase from 6 authorized members to 16, which required the purchase of additional equipment. Additionally, numerous technological advancements have been made in the field of crash reconstruction. These have resulted in dramatic increases in the costs associated with mandatory training requirements, maintenance of required software subscriptions, and technological hardware (mapping stations, cameras, etc.) The requested funds are necessary to ensure the MCIU continues to function in an effective and efficient manner, thereby providing the best possible service to the citizens of Missouri and motoring public.

MCIU supervisors report monthly activities to include crashes investigated, crime scenes forensically mapped, civil and criminal depositions given, courtroom testimony given, and training attended. In addition, each MCIU officer must attain and maintain Accreditation Commission for Traffic Accident Reconstruction (ACTAR) certification to be considered an expert in the field of crash reconstruction. ACTAR is an internationally recognized commission with approximately 700 ACTAR Accredited Reconstructionists practicing throughout the United States, Canada, Australia, Singapore and United Arab Emirates.

PROGRAM DESCRIPTION

Department of Public Safety**Program Name - Highway Patrol Water Patrol Division****Program is found in the following core budget(s):****1. What does this program do?**

Boating is a popular activity across the state, and officers patrol approximately 273,000 acres of major lakes and the Missouri and Mississippi rivers with an aggregate shoreline in excess of 8,000 miles. This vast amount of water does not include the lesser tributaries of the Missouri and Mississippi rivers including, but not limited to, the Osage, Meramec, Gasconade, Grand, Current and other rivers within the state. Officers respond to thousands of calls for service, both directed and self-initiated, each year.

The laws contained in Chapter 306 RSMo. were established to regulate the registration, titling, and equipment requirements on watercraft, as well as their operation. Traffic enforcement on our waterways is very similar to traffic enforcement on our highways. Moving violations such as operating a boat while intoxicated, reckless operation, and speed limits are strictly enforced.

The Patrol also investigates boating accidents and reports watercraft accident information to the United States Coast Guard. Officers are responsible for the recovery of watercraft accident and drowning victims. The Patrol has the equipment to perform this service on a statewide basis. Officers are highly trained in body-recovery techniques. Disposal of evidence (guns, vehicles, etc.) in our waterways is a common occurrence. Officers investigate all types of criminal activity including homicide, burglary, stealing, and other similar crimes. Officers are specifically trained in proper procedures that maintain evidence validity and the ability to provide appropriate court testimony in criminal cases. Incidents of family violence and abuse are investigated as well as all violations involving illegal use of drugs and alcohol within our jurisdiction, including drug production and trafficking. Officers also participate in drug and crime task forces throughout the state. The Patrol also promotes crime prevention through various initiatives. A theft-prevention program has been developed in conjunction with local agencies in an effort to curb the growing problem of watercraft and marine equipment theft.

The need for a professional dive team capable of providing a wide array of services such as body recovery and criminal evidence recovery had long been recognized by the Patrol and the Missouri legislature. The Dive Team has been in existence since 1979. The team consists of 13 members, each of whom has attained a minimum of master diver status and is specifically trained in the proper procedures that maintain evidence validity, chain of custody and the ability to provide appropriate court testimony in criminal cases. Over the years, the Dive Team has made hundreds of recoveries and other specialized dives for public benefit. Dive missions have included water main repair in flooded cities, repairs of leaking levees, body recoveries, murder weapon recoveries and many others. While there is a minimal cost to providing this service to the state, the resulting costs of discontinuing the program would increase our costs of operation, due to less efficient and effective means of locating and recovering drowning victims and other items. Additionally, evidence that is essential for criminal prosecution may never be located without the technology the Dive Team employs.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

The Water Patrol Division is mandated by Chapter 306 RSMo.

PROGRAM DESCRIPTION

Department of Public Safety

Program Name - Highway Patrol Water Patrol Division

Program is found in the following core budget(s):

3. Are there federal matching requirements? If yes, please explain.

Yes, the Water Patrol Division's federal funding is determined as follows:

Each of the 50 states and other municipalities receive funds to assist in boating safety. This funding comes from what is known as the Sport Fish Restoration and Boating Trust fund. The total number of dollars that are made available to the states is approximately \$124 to \$130 million. In the current federal fiscal year, \$124 million was made available to the states. The individual state allocations are determined as follows:

- 1) One-third shall be allocated equally each fiscal year among eligible states.
- 2) One-third shall be allocated among eligible states in the same ratio as the number of vessels in that state compares to the number of vessels in all eligible states.
- 3) One-third shall be allocated in the same ratio as the amount expended by the state (e.g., General Revenue funds) for recreational boating safety as compared to the total amount expended by all eligible states for recreational boating safety.

4. Is this a federally mandated program? If yes, please explain.

No

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

2. CORE DESCRIPTION

This core request is for funding the necessary, systematic replacement of vehicles. By maintaining a fleet of vehicles that are safe and efficient to operate, the Patrol is able to enforce traffic and criminal laws and to promote safety.

3. PROGRAM LISTING (list programs included in this core funding)

Vehicle Replacement is the only program in this decision item.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Division of Drug and Crime Control has over 100 active vehicles. Without this funding, an estimated quantity of 36 of these vehicles will exceed 120,000 miles by the end of FY15, with 15 of those 36 exceeding 150,000 miles. This will result in decreased reliability which can jeopardize officer safety and public safety. Highway funds cannot be used for purchase of these vehicles and the total on-going general revenue vehicle appropriation has been reduced to \$0.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The Patrol is requesting \$600,000 to replace an estimated twenty-five DDCC vehicles in FY15 at an estimated cost of \$24,000 per vehicle. Vehicles to be replaced would include the highest mileage light trucks and passenger cars. The fund requested is (GR) 0101 and appropriation is 2336.

5. BREAK DOWN THE REQUEST BY BUDGET OBJECT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

2. CORE DESCRIPTION

This core request is for funding for the Patrol's criminal laboratories. These labs process evidence to assist law enforcement in the apprehension and conviction of criminal offenders, involving cases submitted by a variety of governmental agencies. Services provided include chemical analysis (drug identification), DNA analysis, trace evidence comparisons (latent fingerprints), firearm identification, document examination, and shoeprint comparison.

3. PROGRAM LISTING (list programs included in this core funding)

Crime Lab is the only program in this decision item.

PROGRAM DESCRIPTION

Department of Public Safety**Program Name - Highway Patrol Crime Laboratory Division****Program is found in the following core budget(s):****1. What does this program do?**

The Crime Laboratory Division provides forensic science support to the Missouri State Highway Patrol as well as to other law enforcement agencies throughout the state of Missouri by analyzing evidence recovered through criminal investigations. The division is also responsible for the Convicted Offender DNA Profiling program in Missouri. The division is internationally accredited by the American Society of Crime Laboratory Directors / Laboratory Accreditation Board (ASCLD/LAB) consisting of a full-service General Headquarters (GHQ) laboratory in Jefferson City, a full-service crime laboratory in Springfield, and six limited-service crime labs located in Macon, Park Hills, Carthage, Cape Girardeau, Willow Springs, and St. Joseph.

In the past several years, the Patrol laboratory has experienced substantial growth, beginning with the merger of the former SEMO Regional Crime Lab in Cape Girardeau and the MSSU Regional Crime Lab in Joplin into the state system. In addition, we expanded our services by opening a second full-service laboratory in Springfield in December 2008. Through a cooperative effort of local, state, and federal entities, a 30,000 square foot, full-service crime lab was opened in Springfield that provides a statewide benefit by relieving pressure on the General Headquarters lab in Jefferson City. The ultimate goal of this project is to increase our overall system capacity to perform casework and provide the law enforcement agencies we serve statewide with a reasonable turnaround time for all cases submitted to the lab. Additionally, the state appropriated funding to relocate the Joplin lab to a new facility in Carthage. This new facility was opened in September 2010, increasing the capacity of the lab system in both drug analysis and latent print examinations.

The General Headquarters lab provides services in the forensic disciplines of DNA, toxicology, latent fingerprints, firearms/tool marks, trace evidence, and drug chemistry. The Headquarters' lab is also responsible for the management of the Offender DNA Profiling program in Missouri and serves as the state CODIS Administrator. In 2012, the CODIS section analyzed 19,329 offender DNA samples and produced a total of 888 "hits" between crime scene samples and offender samples in the database. The Springfield Crime Lab also provides full-service in all six forensic disciplines. The Cape Girardeau lab offers forensic services in DNA toxicology, latent fingerprints, firearms and drug chemistry. The Carthage lab offers forensic services in drug chemistry and latent fingerprints. The Macon, St. Joseph, Park Hills, and Willow Springs labs provide services in the drug chemistry discipline. The strategic locations of these labs provide local law enforcement agencies easy access to the crime lab system. Any evidentiary items submitted to one lab can be transparently moved to other facilities in the system for appropriate analysis. The evidence can then be moved back to the local lab for pick up by the submitting agencies, thus relieving those agencies of long drives to central labs.

More than 75% of the 26,309 cases received by the division in 2012 were from outside agencies. The Crime Lab Division received evidence from over 500 law enforcement agencies last year; therefore, providing services to virtually every citizen in the state. Forensic examination of evidence is essential for the successful investigation and prosecution of criminal cases. Patrol criminalists also present expert testimony related to their examinations in court proceedings and provide training to law enforcement investigators on the capabilities of the forensic laboratory, as well as the proper collection and preservation of evidence.

Department of Public Safety

Program Name - Highway Patrol Crime Laboratory Division

Program is found in the following core budget(s):

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

The Crime Laboratory Division provides support to the Patrol in fulfilling its responsibilities outlined in RSMo., Chapter 43.025 and 43.380. In addition, RSMo., Chapter 650.050-650.100 establishes a felon and sexual offender DNA Profiling program within the Highway Patrol. The Crime Laboratory is designated the state repository for the DNA samples and the corresponding CODIS database.

3. Are there federal matching requirements? If yes, please explain.

No

4. Is this a federally mandated program? If yes, please explain.

No

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Program Expenditure History

6. What are the sources of the "Other" funds?

Highway (0644), Criminal Records System (0671), State Forensic Laboratory (0591), and DNA Profiling Analysis (0772)

PROGRAM DESCRIPTION

Department of Public Safety

Program Name - Highway Patrol Crime Laboratory Division

Program is found in the following core budget(s):

7a. Provide an effectiveness measure.

Effectiveness can best be described as correctly analyzing evidence and successfully presenting testimony in a court of law, with the ultimate outcome being the incarceration of the guilty and exoneration of the innocent. The demand for forensic science services is reflected by the continued high caseload at the Patrol Crime Laboratory. Examinations of evidence from clandestine methamphetamine labs, homicides, and sexual assaults have become more complex. For example, case samples which several years ago would not yield useable amounts of DNA, such as single hairs and cellular debris swabbed from clothing, can now be tested due to increased sensitivity using more effective instrumentation and methods. Such advances have made the Crime Laboratory even more critical for the successful investigation of crimes and prosecution of criminals.

PROGRAM DESCRIPTION

Department of Public Safety

Program Name - Highway Patrol Crime Laboratory Division

Program is found in the following core budget(s):

7b. Provide an efficiency measure.

7c. Provide the number of clients/individuals served, if applicable.

The Missouri State Highway Patrol Crime Laboratory provides forensic science support to any law enforcement agency in the state of Missouri. In 2011, the lab received evidence from more than 24,400 criminal cases and more than 500 law enforcement agencies, including other crime laboratories such as St. Louis City, St. Louis County, and Kansas City. In addition, MSHP lab staff honored hundreds of subpoenas in Missouri's federal, state, and municipal courts. Due to the statewide nature of the agencies served, the number of individuals served is literally every resident in the state of Missouri.

7d. Provide a customer satisfaction measure, if available.

Prosecuting Attorneys are routinely contacted to evaluate testimony of Patrol criminalists in court. These evaluations are overwhelmingly positive. The Missouri State Highway Patrol public opinion surveys consistently rank the Patrol Crime Laboratory as a high priority among the citizens of Missouri.

2. CORE DESCRIPTION

This core request is for funding for the Patrol's training academy. Training is provided at four levels: basic (officers are taught modern police methods, skills, and procedures to meet the statutory requirements for certification), specialized (officers become experts in areas such as firearms, radar, blood alcohol testing, etc), in-service/proficiency (officers are kept current in areas of criminal justice responsibilities and duties), and administrative (first-line supervisors, police chiefs, sheriffs, etc, are able to develop better supervision and management skills).

3. PROGRAM LISTING (list programs included in this core funding)

Academy is the only program in this decision item.

PROGRAM DESCRIPTION

Department of Public Safety

Program Name - Highway Patrol Training Division

Program is found in the following core budget(s):

1. What does this program do?

The Training Academy's primary function is to provide a structured, para-military training environment that will challenge the recruit physically, mentally, and academically. Following a rigorous selection process, recruits attend 25 weeks of intense training. Additionally, the Academy provides centralized training programs by preparing, conducting, and coordinating continuing education, management training rule, and recertification courses in decentralized locations throughout the state. The Academy coordinates instructor selection, training, evaluation, and certification in accordance with the Department of Public Safety, Peace Officer Standards and Training (POST) regulations. The Academy is an approved peace officer training center under Chapter 590, RSMo. As such, it provides career enhancement courses to Patrol employees and any peace officer upon proper application and payment of appropriate fees. The Academy serves over 200 law enforcement agencies throughout Missouri and the United States. The Academy receives no General Revenue funding. All monies received from outside agencies attending classes at the Academy are deposited in a Highway Patrol Academy (HPA) revolving fund which accounts for approximately 75% of the Academy's expense and equipment budget.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 43.020, RSMo. requires Highway Patrol personnel to have all powers necessary to fully and effectively carry out the purposes of Chapter 43. This includes the basic training and continuing education requirements necessary to maintain peace officer certification per Chapter 590, RSMo. Sections 590.145 and 33.080 RSMo are sources of authority for the existence and use of HPA funds.

3. Are there federal matching requirements? If yes, please explain.

No

4. Is this a federally mandated program? If yes, please explain.

No

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

PROGRAM DESCRIPTION

Department of Public Safety

Program Name - Highway Patrol Training Division

Program is found in the following core budget(s):

6. What are the sources of the "Other" funds?

Highway (0644), Gaming (0286), Federal Drug Seizure (0194), Water Patrol (0400), Criminal Records System (0671), and HP Academy (0674)

7a. Provide an effectiveness measure.

Highway Patrol Training vs. State Mandated Training

A Class A Highway Patrol license requires a minimum of 1,000 hours of training which we still exceed by over 100 hours. Due to time constraints implemented in 2013, some hours in non-essential courses were adjusted.

Recruit Academic Average

PROGRAM DESCRIPTION

Department of Public Safety

Program Name - Highway Patrol Training Division

Program is found in the following core budget(s):

7a. Provide an effectiveness measure (Cont'd.)

7b. Provide an efficiency measure.

Cost comparison is based on MSHP's Advanced Crash Investigation vs IPTM's Crash Investigation Two Course. Meals and lodging are included in the cost for the Academy, when applicable. The private institute does not include these costs.

PROGRAM DESCRIPTION

Department of Public Safety

Program Name - Highway Patrol Training Division

Program is found in the following core budget(s):

7c. Provide the number of clients/individuals served, if applicable.

Mandatory Classes Offered at Academy

	CY 2010	CY 2011	CY 2012
Number of Troopers Attending Mandatory Courses (Includes Continuing Education, Recertification, and/or Management Training)	1,245	1,142	1,222
Number of Patrol Mandatory Courses (Includes Continuing Education, Recertification, and/or Management Training)	45	48	55
Number of Schools/Training/Meetings Provided (Includes Outside Agencies)	287	334	281

7d. Provide a customer satisfaction measure, if available.

Students attending Academy courses are asked to complete a course critique at the conclusion of the training program. Student evaluations of Academy training programs, instructors, and facilities are consistently in the "excellent" range. Adjustments are made as needed, dependent upon feedback received from course critiques. Historically, approximately 95% of the students complete the evaluation forms.

FLEXIBILITY REQUEST FORM

000345

BUDGET UNIT NUMBER:	81545C	DEPARTMENT:	Public Safety
BUDGET UNIT NAME:	Vehicle and Driver Safety (Hwy)	DIVISION:	Missouri State Highway Patrol

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

PROGRAM DESCRIPTION

Department of Public Safety

Program Name - Highway Patrol Driver Examination Division

Program is found in the following core budget(s):

1. What does this program do?

The Driver Examination Division develops the standards, policies, and procedures of the driver examination program including developing and updating the tests, administering a uniform program of testing for all classes of driver licenses, conducting basic driver examination schools (at least annually for new examiners and biannually for all other personnel), and acting as liaison between the driver examination offices and others on driver license matters. It also assists in establishing Commercial Driver's License (CDL) third party tester audit procedures and procures equipment, supplies, and office space necessary for administering driver examinations.

Driver examiners screen applicants for proper identification prior to testing, as well as administer written, vision, highway sign recognition, and driver skills tests to operators of motor vehicles which include motorcycles, school buses, and large commercial vehicles. In addition, examiners conduct annual audits of all third party CDL testers who are certified by the Department of Revenue to administer CDL skills tests.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 302.020, RSMo., makes it unlawful for any person except those exempted by 302.080 to operate any vehicle, motorcycle, or motortricycle upon any highway of this State unless he/she has a valid license. Section 302.173, RSMo., delegates authority to the Patrol to conduct driver's examinations for obtaining a driver's license.

Section 302.720, RSMo., Item 1, states, in part, except when operating under an instruction permit as described in this section, no person may drive a commercial motor vehicle unless the person has been issued a commercial drivers license with applicable endorsements valid for the type of vehicle being operated as specified in sections.

Section 302.700 to 302.780, RSMo., Item 2 states, in part, no person may be issued a commercial drivers license until he or she has passed written and driving tests for the operation of a commercial motor vehicle which complies with the minimum federal standards established by the secretary and has satisfied all other requirements of the Commercial Motor Vehicle Safety Act of 1986 (Title XII of Pub. Law 99-570), as well as any other requirements imposed by state law.

Section 302.720, RSMo., delegates authority to the Patrol to conduct commercial driver examinations for obtaining a commercial driver license.

Section 302.721, RSMo., Item 2, states, in part, any rule promulgated by the director of revenue and the superintendent of the highway patrol regarding compliance requirements for third-party commercial driver license examination programs shall require the superintendent to reexamine a minimum of ten percent of those drivers who have passed the CDL skills examination administered by a certified third-party commercial driver license examination program in the state of Missouri.

Section 302.272, RSMo., makes it unlawful for any person to operate any school bus owned by or under contract with a public school or the State Board of Education unless such driver has qualified for a school bus endorsement. Item 1 states the examination for a school bus endorsement shall include a written examination and a drivers test in the type of vehicle to be operated. For purposes of this section classes of school buses shall comply with the Commercial Motor Vehicle Safety Act of 1986 (Title XII of Pub. Law 99-570).

Program Name - Highway Patrol Driver Examination Division

Program is found in the following core budget(s):

3. Are there federal matching requirements? If yes, please explain.

No

4. Is this a federally mandated program? If yes, please explain.

Yes. The Federal Motor Carrier Safety Regulations, Chapter 383.23, General Rule. (1) Effective April 1, 1992 no person shall operate a commercial motor vehicle unless such person has taken and passed written and driving tests which meets the Federal standards for the commercial motor vehicle that person operates or expects to operate. (2) No person shall operate a commercial motor vehicle unless such person possesses a (CDL) which meets the standards issued by his/her State or jurisdiction of domicile.

383.110 General requirement. All drivers of commercial motor vehicles shall have knowledge and skills necessary to operate a commercial motor vehicle safely. There are three types of general skills that will be tested: pre-trip inspection, basic vehicle control, and on-road driving. You must take these tests in the type of vehicle for which you wish to be licensed.

383.75 Third party testing (a) Third party tests. A state may authorize a person (including another State, an employer, a private driver training facility or other private institution, or a department, agency or instrumentality of a local government) to administer the skills test if the following conditions are met: (1) The tests given by the third party are the same as those which would otherwise be given by the State; and (2) The third party as an agreement with the State containing at a minimum, provision that: (i) Allow the Federal Motor Carrier Safety Administration (FMCSA), or its representative, and the State to conduct random examinations, inspections and audits without prior notice; (ii) Require the State to conduct on-site inspections at least annually; (iii) Require that all third party examiners meet the same qualification and training standards as State examiners, to the extent necessary to conduct skills tests in compliance with the State.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

PROGRAM DESCRIPTION

Department of Public Safety**Program Name - Highway Patrol Motor Vehicle Inspection Division****Program is found in the following core budget(s):****1. What does this program do?**

The Motor Vehicle Inspection Division is responsible for the overall administration of the statutorily mandated safety inspection program which includes developing standards, policies and procedures for motor vehicle inspection. These include maintaining the inspection manuals, investigating applications for licensing of inspector/mechanics and stations, conducting administrative investigations of consumer complaints, and administering the school bus inspection program. The division also assists in training Patrol recruits and inspection station supervisors, administers the VIN/Salvage title examination programs, administers window tint examinations, and drafts and reviews administrative rules related to the Motor Vehicle Inspection Program. Through the collection of statutory fees for safety inspection stickers and inspection station permits, the Motor Vehicle Inspection Division deposits funds in the Highway Fund and the Highway Patrol Inspection Fund. Combined deposits to these funds exceed the annual amount appropriated for the administration of the program. The funds deposited in the Highway Patrol Inspection Fund are not wholly appropriated and the unexpended balance is transferred to the State Road Fund at the end of each biennium.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 307.350 to 307.390, RSMo., 2000, as amended.

The Missouri State Highway Patrol Driver Examination Division is mandated by state statute (302.173 RSMo) to conduct driver examinations in each county in the state. Of the state's 114 counties, 110 are serviced partially or fully by the 26 traveling driver examination crews. These crews utilize portable computer testing stations that consist of two laptops used for "control stations", five computer touch screen tablets used for actual testing, a printer, a router, and a hard case used for transporting the devices from station to station. Each of these devices have annual ongoing software maintenance costs of \$350.00. The Patrol is requesting funding to continue this software maintenance and replace 25% of this equipment annually, thereby placing each piece on a four year replacement cycle. Additionally, as part of driver testing, members of the Driver Examination Division conduct vision tests at each examination station. The Patrol is also requesting funding to replace 20 eye testing machines, including the Missouri specific eye glass chart and carrying case.

2. CORE DESCRIPTION

This core request is for funding to provide effective and timely communications for the Patrol, as well as to maintain a comprehensive data system. The Information and Communications Technology Division operates a statewide voice communications network, manages various internal telecommunications and voice systems, installs and maintains mobile communications equipment, and is responsible for the operation of the communication consoles and telephone switchboards at each of the nine troop headquarters. It also develops and operates data systems in four major areas (criminal justice, traffic records, administrative records, and computer support), and operates the Missouri Uniform Law Enforcement System (MULES) network, which provides criminal justice data services to regional law enforcement agencies across the state and is linked to the National Crime Information Center (NCIC) operated by the FBI. The Criminal Justice Information Services Division is charged with being the state repository for criminal records.

3. PROGRAM LISTING (list programs included in this core funding)

The Technical Service program is made up of the following divisions:
Information and Communications Technology Division, and Criminal Justice Information Services

FLEXIBILITY REQUEST FORM

000372

BUDGET UNIT NUMBER: 81555C	DEPARTMENT: Public Safety
BUDGET UNIT NAME: Technical Services (GR)	DIVISION: Missouri State Highway Patrol

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

PROGRAM DESCRIPTION

Department of Public Safety

Program Name - Highway Patrol Info & Communications Technology Division

Program is found in the following core budget(s):

1. What does this program do?

It is the mission of the Information and Communications Technology Division (ICTD) to provide the most effective technology to support the Patrol's data and communication needs. ICTD will supply complete, reliable, and accurate data and communication services in the areas of application development, radio and data equipment installation and support, network availability and capacity, computer and radio hardware and support, data storage and backup, training and operational assistance, and Help Desk related support.

The ICTD supplies, installs, maintains, configures, programs, and enhances all computer, radio, printing, and telephony equipment to the 2,639 current employees of the Missouri State Highway Patrol (MSHP). It also provides the mandated connectivity, security, compliance, and reliability of these devices to an enterprise network, along with the storage and management of the data produced by Patrol employees in the course of their duties. Training is provided for the state mandated Basic Communications Training for communications personnel along with user training for all of the equipment issued and end-user applications developed.

Maintaining the network consists of procurement, installation, and repair of the Patrol's sophisticated electronic law enforcement equipment including mobile radios, base stations and associated towers, portable radios, speed detection radar and calibration equipment, breath testing equipment, mobile computing devices, in-car video systems, alarm systems, and specialized electronic systems.

Through a DPS initiative, the Missouri State-Wide Interoperability Network (MOSWIN) went live in Q4 2012. The ICTD provides technical and administrative support for this radio network that currently serves 540 other agencies and 15,825 users along with Patrol personnel. Also, the ICTD is responsible for the installation of the radio equipment in vehicles utilized by other Department of Public Safety (DPS) personnel, and the deployment of the mobile assets for disaster operations or at the request of DPS.

MULES is a core application used by law enforcement, courts and prosecutors across the state to access centralized information databases about driving records, vehicle ownership, sex offenders, outstanding warrants, and past criminal histories. Through MULES connections to other agencies, our users can review driver license information or parole status. MULES also serves as the gateway to the National Crime Information Center (NCIC). Through NCIC, MULES users have access to the same information on a national and international level. Further access through MULES to the National Law Enforcement Telecommunications System (NLETS) enables fast electronic communications with criminal justice agencies internationally. The ICTD maintains and enhances the MULES application based on user needs. It also manages the physical network to achieve reliable transmission of the data in a secure and timely method. The ICTD provides direct technical support for the 19,344 external users from 2,912 organizations in the form of a Call Center and Help Desk.

The ICTD manages and maintains the following data repositories for external customer use: Computerized Criminal History (CCH), DWI Tracking System (DWITS), Sex Offender Registry (SOR), the Missouri Statewide Police Intelligence Network (MOSPIN), MODOT and Patrol Employees Retirement System (MPERS), Missouri Automated Fingerprint Identification System (MO AFIS), Crime Reporting in Missouri (UCR, NIBRS, MIBRS), Lab Information Management System (LIMS), and Combined DNA Index System (CODIS).

PROGRAM DESCRIPTION

Department of Public Safety**Program Name - Highway Patrol Info & Communications Technology Division****Program is found in the following core budget(s):****2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

The Missouri Law Enforcement Assistance Council Criminal Justice System Committee established the MULES program in 1969. It was established as a result of the recommendation outlined in the "System Concept and Development Plan for Missouri Statewide Law Enforcement Information System" prepared by an independent vendor, operating under a contract to the Missouri Law Enforcement Assistance Council. Other applicable statutes and mandates include:

RSMo. 43.250 - 251: Statewide Traffic Accident Report Repository

HB 490 - Child Care Workers Background Checks

RSMo. 43.505 - UCR

RSMo. Chapter 455 (SB 420) - Orders of Protection

Executive Order 5/6/75 - Establishment of SAC (Statistical Analysis Center)

RSMo. 43.401 Missing Persons Reports

RSMo. 43.500 - Criminal History Repository

RSMo. 43.545 Domestic Violence

RSMo. 221.510 (HB 144) - Jakes Law

RSMo. 301.208 VIN/Salvage - RSMo. 304.670 Racial Profiling

RSMo. 589.400 - National Sex Offender Registration

RSMo. 660.317 - DSS Background Checks

SB 44 - Lottery Investigation

NCIC CJIS Security Policy Updated March 2001

RSMo. Chapter 43 provides for radio personnel to support Patrol operations. Title 42 Chapter 46 Section 3371 USC establishes federal mandated MULES and NCIC training. The use of MULES itself is referenced in several statutes. Chapter 650.340 RSMo. establishes telecommunicator training in the state of Missouri. Communications operations must adhere to FCC part 90 regulations for the licensure, use, operation, and repair of radio communications devices.

3. Are there federal matching requirements? If yes, please explain.

Yes, ICTD receives one Byrne ADAP federal grant requiring matching state funds which are provided in the form of one FTE.

4. Is this a federally mandated program? If yes, please explain.

There is a federal mandate for MULES and NCIC training and adherence to FCC part 90 regulations, both functions are performed by ICTD.

PROGRAM DESCRIPTION

Department of Public Safety**Program Name - Highway Patrol Info & Communications Technology Division****Program is found in the following core budget(s):****7b. Provide an efficiency measure.**

The Patrol is undertaking a major upgrade and enhancement of its primary operational system. This includes Computerized Criminal History (CCH), State Message Switch (MULES), Computer Aided Dispatch (CAD), Mobile Computing System (MCS), and Records Management System (RMS). This is essentially a replacement for all systems supporting the mission of the MSHP. The five components are being implemented in a phased approach starting with Criminal History, then State Message Switch and the remaining three components being implemented together. MULES is the primary law enforcement database system in the Missouri system. It is absolutely critical to the core mission of the Patrol and this effort will ensure its continued and uninterrupted efficiency and availability. The remaining systems are central to other critical functions of the MSHP and interface with MULES either directly or indirectly. The final production implementation of the original MCJMP project will entail the incident field reporting module of the MCS project, with implementation tentatively scheduled for January 2015.

Additionally, the Patrol is currently upgrading its communications architecture by deploying new Motorola radios that provide interoperability. This allows emergency responders across the state, in various agencies, to communicate with each other in real time.

7d. Provide a customer satisfaction measure, if available.

An internal customer survey from 2012 shows that 88.5% of respondents were "happy" or "very happy" with the level of service they received from the Help Desk/Call Center.

PROGRAM DESCRIPTION

Department of Public Safety**Program Name - Highway Patrol Criminal Justice Information Services****Program is found in the following core budget(s):****1. What does this program do?****The State Criminal Records Repository**

The Missouri State Highway Patrol is mandated by the General Assembly to be the central repository for compiling, maintaining and disseminating all criminal history information in the state. The Criminal Justice Information Services (CJIS) Division is the sole contributor of criminal history record information and fingerprints to the FBI for the state of Missouri. The CJIS Division is responsible for Biometric (fingerprint) Identification services and compiling and disseminating complete and accurate history record information. The Automated Fingerprint Identification System (AFIS) adheres to state and federal mandates allowing Missouri's AFIS system to electronically interface with the FBI's IAFIS. The CJIS Division serves as the state's central repository for more than 900 criminal justice agencies within the state of Missouri.

While the primary users of Missouri's criminal history record information include federal, state, and local criminal justice agencies, CJIS has seen a dramatic increase in the number of non-criminal justice background checks performed for employees holding positions of public trust. Pursuant to statute, CJIS serves as the state's criminal records repository for non-criminal justice purposes. Criminal background checks for licensing and employment purposes include: conceal and carry endorsements, gaming, elementary and secondary education, child and health care providers, foster care, child day care, or persons who have direct contact with the youth, disabled or elderly. To assist with this responsibility, CJIS implemented the Missouri Automated Criminal History Site (MACHS). MACHS allows users to request and receive name-based criminal background check information online and receive the majority of results within seconds.

In addition to being the state's central repository, the CJIS Division is also charged with numerous other responsibilities. Technical operations include statewide training in criminal history reporting, state AFIS certification, Livescan (electronic fingerprint image capture) operator certification, publication of the Missouri Charge Code Manual, non-criminal justice audits and the Sex Offender Registry. The CJIS Division provides public access to registered offenders contained in the state's Registered Sex Offender files through a public website available on the Internet. Users of this site also have the option to enroll in e-mail community notification to receive automatic sex offender updates when offenders move in their area. Additionally, a toll-free number, staffed by MSHP personnel, is also available Monday through Friday, 7 a.m. until 5:30 p.m.

Program Support Services is tasked with maintaining the technical credibility and security of data with the Missouri Uniform Law Enforcement System (MULES) and the National Crime Information Center (NCIC) computer systems. The MULES/NCIC communication network is accessed thousands of times a day for the administration of criminal justice. Files include: wants and warrants, orders of protection, stolen vehicles and/or parts, missing persons, criminal records as well as other criminal justice information. MULES/NCIC training and auditing is an integral part of the duties and responsibilities of Program Support Services. Uniform Crime Reporting (UCR), mandated by state law, tasks the CJIS Division with the collection, maintenance, analysis and reporting of incident crime activity which is forwarded to the FBI's nationwide UCR repository. Missouri's Data Exchange (MoDEX) developed as a cooperative effort to link incident/case reports, incarceration data, computer aided dispatch, photos, citations, collision and pawn data into a readily accessible record management system that is available to any law enforcement agency.

The MSHP in conjunction with Computer Project of Illinois implemented a new statewide message switch to replace the existing MULES network in December 2012 and the Computerized Criminal History System in February 2013. A new sex offender registry system is also expected to be implemented in the fall of 2013.

PROGRAM DESCRIPTION

Department of Public Safety

Program Name - Highway Patrol Criminal Justice Information Services

Program is found in the following core budget(s):

3. Are there federal matching requirements? If yes, please explain.

NCHIP - National Criminal History Improvement Program requires a 10% match to the federal funds provided

4. Is this a federally mandated program? If yes, please explain.

NCHIP - National Criminal History Improvement Program -- This program was established to meet national operational goals to promote timely collection of criminal record information, provide a comprehensive database of criminal history records to assist in the rapid identification of convicted felons, make available criminal data for analysis of criminal profiles, crime cost and crime impact, and assist in the development of a coordinated criminal justice network

NARIP - NICS Act Record Improvement Program (NARIP) -- This program was established to meet national operational goals to promote timely collection of criminal record information for complete firearm background checks pursuant to the NICS Improvement Amendments Act of 2007.

Adam Walsh Implementation Grant - This program provides funding to state and tribal jurisdictions attempting to become compliant with the Sex Offender Registration and Notification Act (SORNA).

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

Disposition Rate

This graph shows the percent of complete records which means all of the arrest, prosecuting attorney, and court information is available in the criminal history record system with a final disposition. In February 2013, Missouri implemented a new Computerized Criminal History System which calculates completed dispositions differently than the previous system. The disposition rate has been revised slightly downward to reflect the data coming from the new system which is considered to be more accurate.

Missouri's Sex Offender Registry was awarded the country's only "gold medal" in 2007 from "TopTenREVIEWS, Inc." due to our excellence in information provided, search functions, ease of use, and contact information. The summary describes the Registry as "easy to use and full of important information."

Missouri's Automated Criminal History Site (MACHS) was nominated for the 2011 Governor's Award for Quality and Productivity - Efficiency/Process improvement due to the program's successful implementation. As of June 30, 2013, MACHS has processed 1,331,316 personal identifier background checks with the overwhelming majority being returned instantly to the user's screen.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The hardware and software for the State of Missouri Automated Fingerprint Identification System (AFIS) was last upgraded in 2006. With industry standards for life expectancy of electronics, technology, and overall system performance being three to four years, the state is tied to very specific archaic hardware specifications, which are no longer in production and therefore unavailable. Additionally, the operating system is no longer supported by the manufacturer, resulting in maintenance costs in excess of \$900,000 annually. Continuing with the current system is not only cost-prohibitive, but leaves the state extremely vulnerable to extended downtimes and possible system failure. As the AFIS system supports efforts in crime prevention, identification, and employment screenings for vulnerable groups (children, elderly, and disabled), its value to the law enforcement mission and safety of Missourians is immeasurable, and replacement is essential.

The Patrol has 41 communication tower sites located in remote areas of the state which are not monitored by security cameras. Due to the remote locations, personnel are limited in their abilities to know if an incident, such as damage or theft, occurred at the site. Further, if theft or intentional damage does occur, investigators are often unable to identifying the responsible individuals. This infrastructure is not only costly to repair or replace, but critical to public safety operations. The requested funds would allow for a centrally controlled system that provides live viewing, thereby providing real-time alerts of activity or loss of video at the site. This project will be completed over a two year period (FY15 and FY16), with ongoing maintenance beginning the third year (FY17).

This upgrade will provide a centrally controlled system that provides live viewing of all Patrol facilities and infrastructure. Doing so will not only increase security and safety, but reduce the amount of time officers are taken from Patrol duties to respond to remote sites when an issue or incident occurs.

Patrol audio recording solutions exist on three separate platforms; one each for voice over internet protocol (VOIP) telephone, legacy (low band) radio, and the trunked radio system. Combining the recording process for the legacy radio and VOIP telephone systems with the trunked radio system platform will eliminate the support for two other systems, thereby reducing costs and simplifying the delivery of recorded media as required. This will be achieved through enhancement of the current Neptune Intelligence Computer Engineering (NICE) trunked radio system recording platform.
